

Nusawara

INDONESIA EXPORT TRADING

Coconut Derivatives

Six coconut-based ingredients for commercial food and beverage manufacturing — water, milk, cream, creamer, whipping cream and desiccated coconut.

FSSC 22000 USDA ORGANIC EU ORGANIC CERES SMETA / SEDEX

Sourced through our coconut-processing partner network in Indonesia. This line carries certifications including FSSC 22000 (food safety), USDA Organic and EU Organic, CERES-verified organic equivalency, and a SMETA/Sedex ethical audit — full copies available on request.

Beverage & Culinary Bases

Liquid coconut bases for commercial beverage lines, dairy replacement and culinary manufacturing.

Coconut Water

Refreshing Coconut Water with Pure Hydration

Fast-pouring and natural, Nusawara Coconut Water adds crisp, refreshing hydration and exceptional consistency to commercial food and beverage formulations without any need for artificial additives.

AN ALTERNATIVE FOR:

- Artificial sports drinks and synthetic hydration beverages
- Refreshing smoothie bases, tropical cocktails, and culinary reductions
- Commercial beverage manufacturing and ready-to-drink wellness formulas

HS 2202.99.30

Coconut Milk Drink

Creamy Texture with Natural Nutrient Profile

Smooth and homogeneous, Nusawara Organic Coconut Milk Drink adds rich coconut flavor and exceptional consistency to commercial food and beverage formulations without any artificial fats or trans fats.

AN ALTERNATIVE FOR:

- Dairy milk, heavy cream, and conventional plant-based milks
- Creamy dessert bases, tropical soups, and savory curries
- Plant-based lattes, smoothies, and functional culinary formulations

HS 2008.99.90

Coconut Milk & Cream

Luxurious Tropical Richness with Authentic Coconut Taste

Smooth and adaptable, Nusawara Organic Coconut Milk & Cream infuses commercial food and beverage products with a delightful nutty sweetness and premium texture.

AN ALTERNATIVE FOR:

- Traditional dairy cream, heavy whipping cream, and milk-based culinary bases
- Decadent dessert toppings, traditional curries, and exotic sauces
- Vegan recipes, velvety smoothies, and specialty drinks

HS 2008.99.90

Customizable fat 13%-24%

Creams & Dry Ingredients

Barista, pastry and bakery-grade coconut ingredients with stated fat specifications.

Barista Coconut Creamer

Velvety Coffee Perfection with Smooth Frothing

Creamy and stable, Nusawara Barista Coconut Creamer adds a natural coconut taste with a slightly sweet profile and exceptional performance to professional beverage formulations.

AN ALTERNATIVE FOR:

- Dairy milk, conventional half-and-half, and soy or almond creamers
- Coffee creamers, specialty lattes, and milk-foam toppings
- Craft coffees, teas, and functional hot or iced beverages

HS pending ruling

8.9% fat – optimal texturing

Coconut Whipping Cream

Luxurious Fluffy Whips with Delicious Nutty Sweetness

Thick and decadent, Nusawara Coconut Whipping Cream delivers a pure coconut flavor paired with a heavy creamy texture for professional culinary and baking applications.

AN ALTERNATIVE FOR:

- Conventional dairy whipping cream, heavy cream, and aerosol dessert toppings
- Layered cakes, pastries, and velvety frostings
- Topped specialty beverages, gourmet hot chocolates, and tropical desserts

HS pending ruling

12% fat • 0 cholesterol • 0 trans fat

Medium Fat Desiccated Coconut

Natural Milky Sweetness with Fine Textured Flavor

Rich and finely granulated, Nusawara Medium Fat Desiccated Coconut brings a pure, sweet milky flavor to commercial culinary and baking formulations without any artificial additives.

AN ALTERNATIVE FOR:

- Traditional desiccated flours, heavy nut meals, and synthetic texturizing additives
- Bakery toppings, confectionery fillings, and gourmet coconut crusts
- Tropical snack formulations, cereal blends, and commercial food manufacturing
